2023 Black Pine Pinot Noir | Sonoma Coast

“The 2023 Black Pine Sonoma Coast Pinot Noir offers a compelling value in quality Pinot Noir. On the nose, it delivers ripe black cherries and dried cranberries, with hints of cola bean, Darjeeling tea, and violets adding floral elements. The palate brings juicy black raspberries and vibrant pomegranate, showing a ripe yet fuller-bodied profile that remains fresh and lively. A thread of liquid minerals runs through it, and the fruit intensity exceeds expectations for the price point. Well-balanced and approachable now, with a long, satisfying finish.”
